Broken Peach (“BP”) is the Rock&Soul band. Formed early 2009, creating a new way of merging music with entertainment. **BP** differs from the typical cover bands, giving a personal sound to each of the songs they perform, including also some mashups. One of **BP** best assets is using an extravagant aesthetic, giving a visual freshness on their live shows.

The following “[Here we are \(an amazing adventure\)](https://www.youtube.com/watch?v=R4vMn8nGkiY)” video is the best **BP** “Cover letter”. <https://www.youtube.com/watch?v=R4vMn8nGkiY>

The easiest way to follow **BP** job is through our active Social Media (Instagram, Facebook and YouTube). Mainly YouTube, where **BP** quite often load new videos, live or studio shows performed with its newly exclusively designed aesthetic. Just giving an example find some of them:

During more than 10 years BP has performed some relevant live shows mostly local but also some international ones:

- Self created and produced the **Handball under 21 world cup 2019** anthem "[Fight Together](#)" performing also an internationally televised show.
- Performed with a relevant international star as **Bonnie Tyler** in the Vilablues Fest 2019 & The Twenty Century Rock Anniversary.
- National and International **Music Fests**: Museumsuferfest in Frankfurt, Festival de la luz, Asnot Padrón or Festival Queixo Arzúa among others.
- Christmas lighting in several cities: Madrid, Vigo, Coruña, Orense and much more.
- BP has also a **deep background performing private "just in place" shows** for several national and international companies, *not displayed due to confidentiality and data protection policy*.

More than **180k YouTube**, **100k Facebook** followers and more than **26 million** accumulated **video views** confirm the successful path of **BP**, not only on their live shows but also on the Social Media.

There are two different "*trademark*" for **BP**, annually published **Halloween** and **Christmas Special**. Just those videos have more than **12 million views** on the different platforms as YouTube and also referred in mass media (TV and press).

Here **BP** last aesthetic for those videos and under them a sample of all of them (in case you would like to check them all)!
